# GOOD NUTRITION IS VITAL FOR CHILDREN

because it lays the foundation for their overall health and development. Proper nutrition supports physical growth, cognitive function, and emotional well-being. When children receive the essential vitamins, minerals, and nutrients they need, they are more likely to perform better academically, have a stronger immune system, and develop healthy eating habits that can last a lifetime. Only 1% of packed lunches meet the nutritional standards that currently apply to school food.\*

Our full range includes Quality Frozen Meat to support reduction of food waste, over 5000 Ambient, Chilled and Frozen lines plus a comprehensive range of Non-foods and Cleaning materials. In this guide we have compiled our top school compliant products helping you to serve healthy, nutritious and balanced meals.

scan here →  
TO VIEW OUR FULL RANGE

Great schools do all things well. They not only nurture a child's mind through outstanding teaching; they nurture the whole child through sport, art and **food**. Only with a combination of all of these things will we enable our children to reach their full potential.

Sir Michael Wilshaw, Chief Inspector of Schools

did you know?

1 in 7\*

school-aged children don't meet their daily protein intake goals.

Not only does protein strengthen skin & bones it also...

- ✓ supports the immune system
- ✓ building block for growth & development
- ✓ plays a role in recovery & repair of tissues
- ✓ helps make blood, bone & enzymes
- ✓ supports overall body function

About **75%** of all brain mass is water and our brains need water to keep working!

## HOW MANY 8OZ CUPS OF WATER SHOULD CHILDREN BE DRINKING PER DAY?\*

1-3 years old: 4 cups of water per day

4-8 years old: 5 cups of water per day

9-13 years old: 7-8 cups of water per day

14-18 years old: 8-11 cups of water per day

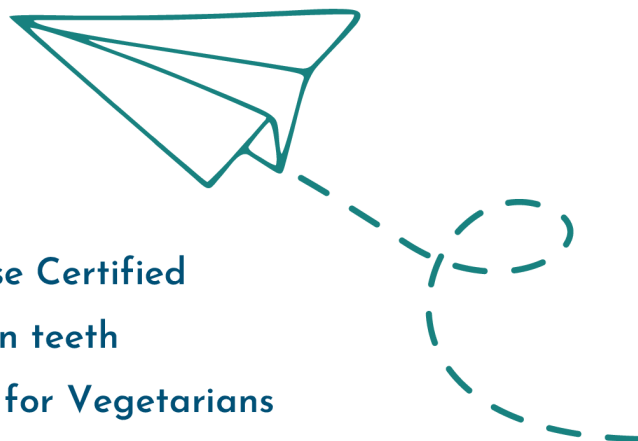

# THE BREAKFAST CLUB

- ✓ Sugarwise Certified
- ✓ Kinder on teeth
- ✓ Suitable for Vegetarians
- ✓ Nut Free

JimJams use the naturally sourced sweetener, Maltitol, that is nearly half the calories of normal sugar, and is 'tooth friendly', making it ideal for kids.
